The Socialist Health Association is a policy and campaigning membership organisation which promotes health and well-being and the eradication of inequalities through the application of socialist principles to society and government. It works with practitioners and policy makers to uphold the founding principles of the NHS and to support the best possible health outcomes in the population.

We stand for:

Universal publicly provided healthcare / meeting patients' needs, free at the point of use, funded by taxation. Social care like healthcare should be free at the point of use,

Democracy / based on freedom of information, election not selection and local decision making.

Equality / based on true equality of opportunity and progressive taxation.

We have about 1050 members across the UK including policy makers, doctors, nurses, therapists, dentists, managers, pharmacists, academics, scientists, patients and citizens. Organisations can affiliate, and Unite and a number of local Labour Parties and union branches do. There are branches in London, W Midlands, Manchester, Liverpool and the North East with autonomous branches in Scotland and Wales.

SHA is affiliated to the Labour Party - though membership is not restricted to Labour Party members.
